How to choose your options

All students will have lessons in English, Maths, Science, core PE and core RE. In addition to these you will need to choose four further subjects, one from each of the blocks A-D.

These blocks have been carefully put together to allow you to access a broad and relevant curriculum that best meets your needs.

Choosing from the subjects in **green** in options A and B will ensure students follow the **EBACC** pathway, a more traditional route of a broad range of academic subjects.

The subject in **blue** offer students the option of taking a mixture of vocational and academic courses.

All students will need to select one subject from each of options A and B. Students will then need to indicate a preference of first and second choice in options C and D.

Please tick your choice in Options A and B. Please choose your first and second subject choices in Options C and D. Number your first choice 1 and your second choice 2.
