

Welcome back to a lovely sunny beginning of the Spring two term – it really does feel Spring-like.

## Dr Mark Carney, the Governor of the Bank of England visits Mulberry Academy Shoreditch

We had a very exciting event at Mulberry Academy Shoreditch this week with some very high profile visitors to the school.

Rushanara Ali MP and Dr Mark Carney, the Governor of the Bank of England visited the school on Wednesday to meet staff and students and to take questions from an audience of students from across the Trust. It was very exciting to have such high profile visitors at the school and an amazing opportunity for our Sixth Form students who are studying Economics and Business Studies to meet the person in charge of monetary policy in England.

Ms Frankum, our Head of Sixth Form, took two of our Year 11 students for their Welcome event at Imperial College London for the Pathways to Medicine programme on to which they have been accepted. Well done to Aslihan Yildirim and Jabir Mohamed!

The Welcome Event gave students the opportunity to visit Imperial College and to find out more about the programme and to also help them with making a strong application to medical school.

**Thank you, Mrs Holden – Executive Principal**

## Sixth Form

We have had another week of successful applications where our Sixth Form students are really demonstrating their huge ambition and outstanding capabilities. Here are just some of the examples of our success:

Well done to Aida Tewolde, Nadiya Begum, Suriayah Uddin, Jermaine Marshall, Suleman Ali, Muhammad Ahmed, Safi Miah, Reema Begum, Aysha Sarah and Yasir Chowdhury who all got onto the Ernst & Young work experience programme in the summer which offers students paid work experience and is highly competitive to get onto.

Congratulations to Zaynab Shah who

not only secured a work experience programme with HSBC but also has got a place at the University of Oxford summer school.

Aida Tewolde has been successful in getting onto Medview, a programme for prospective medical students organised by King's College London.

On Wednesday 27<sup>th</sup> February, a group of our Year 12 students took part in their fourth Amplify Youth workshop. The Amplify Youth sessions look at social actions and work within their communities. This session took part in the sixth form outdoor space, taking advantage of the great February weather.

Finally, this Tuesday, a group of our Year 12 girls attended a think-in delivered by

Jude Kelly, the founder of WOW foundation (Women of the World), at Mulberry School for Girls. At the event they discussed the need to not separate gender equality and racial equity. Our students were very passionate about the topics and led by presenting ideas to the whole group.

**Ms K Frankum**

## STEM Outreach Final at Science Museum

On Thursday 24<sup>th</sup> February, Year 9 students competed in the final for the JP Morgan Imperial Collage, which they have been working on since October. The final was a really buzzing event held in the science museum. The students created poster boards and their final prototype which they made. They then presented their ideas twice to two panels of judges and a large group of spectators. The mentors and myself were blown away with how professional the boards looked and how outstanding the presentations were.

The standard of entries across the competition were really high, and unfortunately the students did not get a place in the top three. However the mentors from JP Morgan gave me the following feed back:

“The students were enthusiastic, dedicated, polite and a joy to work with throughout and they are all winners as far as they are concerned and their furthers are very bright”

Huge congratulations to the students!

Ms O'Connor and Ms Milton

## Attendance Figures

for 11<sup>th</sup> February 2019 – 15<sup>th</sup> February 2019

Tutor Group	Attendance Percentage	Tutor Group	Attendance Percentage
7ABr	97.60%	10AHo	95.17%
7ARo	99.09%	10AHq	96.43%

## METROPOLITAN POLICE SCHOOL'S ART COMPETITION

### Competition:

The Metropolitan Police invites you to create a piece of artwork that celebrates 100yrs of women policing London

This is open to all school aged children between the ages of 6-18yrs. There are three categories: year 1-6, year 7-11, year 12-13.

### Accepted media:

Painting – Sculpture – Ceramics – Photography – Illustration – Video art – Moving image – Installation – Digital Art – Mixed media

### Prize:

The winners will have a unique opportunity to see behind the scenes of the Metropolitan Police and the prize will include lunch at the world famous New Scotland Yard

You will have a photograph under the rotating sign and you can feature on our Metropolitan Police media accounts-Twitter/Facebook, to celebrate your successful win

### Application deadline:

All competition entries, whether sculptures, ceramics, paintings or digital submissions need to be photographed and submitted to : [NCTPHQMailbox-100YearsCompetition@met.police.uk](mailto:NCTPHQMailbox-100YearsCompetition@met.police.uk)  
All entries by Tuesday 30<sup>th</sup> April 2019

## International Woman's Day Friday 8<sup>th</sup> March

### **GCSE Drama students present two contrasting stories to inspire, unite and evoke discussion!**

Mulberry Academy Shoreditch students have been creating a poetic narrative, which explores two contrasting stories of influential and inspiring women. Year 9 and 10 female GCSE Drama students were set the task to research a female role model that was invigorating to them personally. From two different periods of time our students have chosen to explore the dangerous, yet hopeful life of Irena Sendler (1910-2008) from World War II and the socialist ideas of George Sand (1804-1876) from the Victorian era. Both stories present different ideals of what is expected of a woman, and yet are uplifting in showcasing what we are all capable of-social change, empathy and rising above hierarchal authority figures through their initiative and courage. Sand and Sendler both entered the world in poverty, rejecting communism. Both women united individuals, and provoked interesting debates within our drama workshops.

Good luck to our students who will be rehearsing their devised piece this week to be performed at Murray Edwards College in Cambridge on Saturday 9<sup>th</sup> March 2019!

**Ms Higdon**

### 'She Can Be' Event

On Thursday 14<sup>th</sup> February, a group of female students from Year 12 had the opportunity to participate in the 'She Can Be' event, run by the Lord Mayor's Trust. The event was designed to give girls the opportunity to see which careers could be available to them in the City and network with other students across London as well as a wide range of professionals working in a corporate environment.

The group travelled into central London during a busy morning rush hour and walked past the Bank of England to get to Cleary Gottlieb Steen & Hamilton, a law firm based at London Wall.

The girls were welcomed with brunch and a talk from the firm's top lawyers who gave many tips on working in the field of law and how to meet people professionally. The firm then had the group suddenly step up as Junior Trainee Lawyers for the morning, during which they had to get their very own deal signed off!

After a successful morning of negotiation, the group made its way to Canary Wharf to attend a conference on successful women in the city and how to access the world of work. The students were able to network with other Sixth Formers from around the city and meet other people from industries such as Law and Investment.

It was a fantastic day and the students were a credit to the school, particularly as Trainee Lawyers after an hour's training!

**Ms Holdcroft**

### **Renee Salt Visit**

A very big thank you to Auschwitz survivor Renee Salt BEM for a powerful and moving account of her harrowing childhood experiences of both Auschwitz-Bikenau and Bergen-Belsen during the Holocaust. Students were captivated and thoroughly enjoyed meeting Renee.
