Mulberry Academy Shoreditch Newsletter

I do hope you are enjoying my weekly newsletters which include some of the exciting things happening at the school. If you are not receiving a copy please do remind your child to bring it home to you, as we give students a copy every Friday. I am enclosing a copy of the last [newsletter](#) for this term as students are finishing early on Friday 5th March 2019.

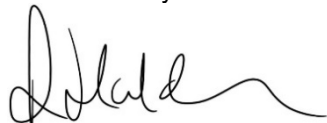

Mulberry Schools Trust and Community newsletters

Please find [Issue #2](#) of the Mulberry Schools Trust newsletter, providing you with key highlights from across the Trust during the spring term. We hope it is filled with features and news that you will find relevant for you and your family. Headlines include a review of the visit by Dr Mark Carney, Governor of the Bank of England, a maths-inspired spring at Mulberry School for Girls, university and apprenticeship offers at Mulberry UTC and a winning streak in public speaking and sporting excellence at Mulberry Academy Shoreditch.

Alongside the Trust newsletter, we also have pleasure in showing you our [Community newsletter](#). Mulberry have a long history of working in close partnership with parents, carers and the local community. In our Spring 2019 update, we feature our International Women's Day event at the Mulberry & Bigland Green Centre, the extension of the community learning programme across our family of schools and many more stories showcasing the exceptional experiences and opportunities we provide for parents to engage, learn and have fun.

Again, we would like to wish all our students, staff and their families a happy and peaceful Easter.

Yours sincerely
