

Trip to New York

Ms Taylor has returned to school from New York with our three students who took part in the Model United Nations. They had an amazing time.

Ms Taylor accompanied Carlotta Joffe from Year 10, Khaled Ait-Hocine and Manazar Dahir from Year 12 on a trip to New York last week. Students took part in the Model United Nations conference, and debated global issues with other young people from across the world. The closing ceremony of the Model UN conference was held in New York's UN Quarters and Carlotta was presented with an award for her distinguished performance within her committee.

During their time in the big apple they also managed to visit Grand Central Station, Times Square and the 9/11 Memorial. They also walked along the New York high line which is set along an old railway and took the ferry over to Staten Island which passes the Statue of Liberty.

What an amazing experience for these students - well done to all involved.

Public Examinations

Public examinations for Year 11 and 13 have now started. Please keep all students in your thoughts and wishes during this important and stressful time.

Sixth Form

Congratulations to Aida Tewolde and Nada Mohamed who have secured places on the Bitesize University programme at the University of Newcastle. Bitesize Uni is a fun-filled four day residential event which helps students make an informed decision about their future. I am really happy that our Sixth Form students are getting on to events such as these because not only does it give them a flavour of University life but it also allows them to consider Universities outside of London too. I know they are going to have a wonderful time.

Thank you, Mrs Holden – Executive Principal

Congratulations also to **Sandra Kuekia and Aysha Sarah who have been successful applicants on the Informed Choices: Alternative Routes into Banking and Law** day that is organised in association with Queen Mary University. The emphasis on this day is that you do not need to study law, finance or economics to go into these sectors. Queen Mary University of London has assembled a group of professionals from the fields of banking and law, who work at ING, to outline alternative routes into these sectors. They will also have current Queen Mary students of English, Comparative Literature, Modern Languages, History and Geography on hand to share their experiences of these degree programmes at Queen Mary. I know that after this event our students will feel confident in their ability to make an informed choice about their degree programme and potential future career. Well done to everyone and keep up the excellent work!

Ms Frankum

Legal and General Everyday Money Workshop

On Friday 10th May Year 10 took part in a Legal and General Everyday Money finance workshop. The workshop was 2 hours long and it covered earning, spending and saving money.

This was a fantastic opportunity for our students as it helped them to get to grips with understanding and dealing with everyday financial matters.

Students found the workshop informative, interesting and relevant to their lives both now and in the future.

Ms James

Cycle Safe

Whether you are a student, a member of staff or a visitor to Mulberry Academy Shoreditch, your safety is extremely important to us. Please cycle safe. Feel free to check out some of the links below to websites that offer safety guidance, Tower Hamlets cycle lane information and cycling courses available locally.

Students

As a school we are keen to encourage our students to walk or cycle to school as part of a healthy lifestyle. If you choose to cycle, please adhere to the following guidelines:

- bring a lock so that you can secure your bike to the racks provided
- always wear a helmet when cycling
- never wear headphones or listen to music whilst cycling – you will not hear other, potentially dangerous road users
- lights and/or high visibility clothes are a must as it may be dark when you cycle home
- it is desirable that you have completed a cycle safety training course (see details below)
- cycle slowly and safely and use cycle lanes where possible

Cycle Racks

We have ample room for bikes both in the racks outside the main entrance and the covered area in the car park. The car park is kept locked throughout the day for added security.

Guidance, courses and websites.

Here are a few links to some useful websites regarding cycle safety and cycling in and around London.

- www.towerhamletswheelers.org.uk – Good for East London. A local cycling group in the East End of London, affiliated to the London Cycling Campaign.
- www.lcc.org.uk – London Cycling Campaign website. Campaigns for better cycling facilities, as well as supporting and promoting cycling to all Londoners.
- www.ctc.org.uk – the UK's National Cyclists' Organisation. Loads of advice, including guidance on the national standards for cycle training.

Ms Healy

I Dream A World

by Amira Abujel & Aiyah Adajeni

I dream a world where there's no discrimination,
No racism
Nor segregation

I dream a world where perfection isn't key
And people make up to reality.

I dream a world where the streets are safe
Where there's no knives all over the place

I dream a world where there's no gang
violence
And the youth don't have to suffer in
silence

A world where peace will reign
A world where there's love not pain
A world which blooms like a flower
A world where tolerance and respect is in power.

Of such I dream my world.

Student Council Update Summer 2019 – NEXT GENERATION

Student council are currently working on an exciting project to celebrate the lives of the older generation and how they inspired us as individuals. Students have started the process in talking to staff and students about inspirational grand-parents, family members or neighbours who have been fundamental in their up-bringing. The project is designed to celebrate our ancestors, the people who make us, and to fundamentally celebrate a somewhat forgotten generation in today's society. Student council are aiming to get personal stories, poems and supportive quotes about our older generation and their hand in supporting us become the people we are today. Watch this space and please see Amal Mohamed, Elsa Prescod or Callum Seagrave-Ronan if you would like to be involved in the short film.
