

We fully launched our wonderful House system this week with every student receiving their House tie, House planner and taking part in House activities and House assemblies.

Well done to staff and students for the wonderful buzz that has started our academic year.

I am also pleased to say that Year 7 and 12 have settled in well and are enjoying their new stage of school. This is excellent news especially as we have such high numbers in both year groups - onwards and upwards!!

Afterschool clubs and intervention classes have started. Please see a range of clubs we offer in this newsletter.

Thank you, Mrs Holden – Executive Principal

Sixth Form

We were delighted to welcome our Year 13 and new Year 12 students back to the Academic year. It was fantastic to see so many of our Year 11 students return but also to welcome so many students who had studied at different schools.

They already feel very much part of the school. It's been a busy week for the sixth form. All Year 12 students took part in our new enrichment afternoon where they have two hours to take on something to support their wider learning including photography, pottery, yoga, self-defence, cookery, five a side, French, presentation skills to name a few.

In the classroom Year 13 were busy already handing in their summer projects and Year 12 were enjoying some of the new subjects we're offering such as Computer Science, RE and Health and social care.

The week ended off with a celebratory afternoon tea. They will need it with the year ahead we've got planned!

Ms A Wallace
Head of Sixth form

Trip to University of Sussex

On Wednesday the whole of Year 12 had the opportunity to visit the University of Sussex.

Students found out about University life, types of University and how to survive University life when you have to share one bathroom between 12 strangers!

Students also received a tour of campus and an invaluable session on study skills.

Abdirahman Omer in Year 12 said, "I actually couldn't believe how many things we need for the next stage in study, I've learnt so much today".

Students were a credit to the school and another important step in their transition to post sixteen was taken.
