

New Display

More Art work is being displayed in the school at the moment. We are really proud of our Year 7 and 8 students with their 3D Art. We are really proud to display it.

Year 11 and 13 Mocks

Mock Exams are going really well. We are proud of our students and they have been working very hard for their success. I wish them the best of luck for the remaining mock exams.

Volunteer Reading Scheme at Mulberry Shoreditch

We currently have some family members of staff and undergraduates from Queen's University volunteering in the mornings to read with Year 7 students. Please do contact Ms Pitts, my PA, if you are interested in joining in with this at the school so that we can meet with you to talk further.

Lots Going on...

Busy week this week at the school with Year 12 students out on a Geography Field trip, a talk from The Nuffield Foundation to Sixth Form. It's also been House week and there were talks from Charities and visitors.

Thank you, Mrs Holden – Executive Principal

Sixth Form

The Young Foundation

We were delighted to have the Young Foundation in to work with our Year 12 students this week. The Young Foundation is an organisation who seek to support young people take an active and positive role in their community. Last year students participated in the Amplified Youth project which was so successful that a case study and booklet of all students was put together. Our current Year 13 students could not speak highly enough of the project. Jonnathane Kengamu said "I gained so much from working on the amplified youth project. It really built my confidence and ability to work in a group".

Alongside enrichment activities students in Year 12 and 13 have been participating in mocks. There has been lots of studying and long hours put in by students in Year 12 and Year 13 and we wish them all the best of luck over the next week too.

Visit from Nuffield

On Wednesday 28th November 2019, representatives from Nuffield came to the academy to talk to Year 12 students about placements next summer. The programme gives students the opportunity to work alongside professional scientists, technologists, engineers and mathematicians for 4 - 6 weeks over the summer holidays. This is a truly fantastic opportunity and really highlights our enrichment programme and the support given to our students. We have worked with Nuffield a number of years and this follows on from the amazing success we've had in the past where students were successfully accepted onto the highly competitive Nuffield Research Placement programme.

Ms Wallace – Head of Sixth Form

Year 7 Junior Engineering Engagement Programme

A group of Year 7s were selected to take part a STEM project, called Junior Engineering Engagement Program (J.E.E.P) run by the Transformation Trust. The students were selected by their teachers for their fantastic attitude to learning Science.

They had a busy day full of activities and practicals. The organisers were really impressed with how engaged and enthusiastic the students were. The students said they really enjoyed the day and look forward to Session 2 in a few weeks.

Well done for all your hard work Year 7!

Ms O'Connor

Nobel Prize Awards

Last Thursday the Science, Maths and Computer Science department hosted the Annual Nobel prize night for excellence in Science, Maths or Computer Science.

It was a back tie event with all teachers dressed for the occasion! Prizes were given to students who have excelled over the past year. Huge congratulations to all of the winners, you have earned it!

Ms Sitch & Ms Gilott

Dear Parent/Carer

Re: Winter Fair

On Tuesday 10th December 2019 we will be running a Winter Fair to raise money for St Hilda's, our local community centre and Tower Hamlets Foodbank.

There will be a range of stalls each raising money for our chosen charities including a raffle.

As a House Leaders at Mulberry Academy Shoreditch, we are trying to gather as many prizes as possible.

We would greatly appreciate it if you would be able to donate anything desirable that we could use as a raffle prize. Please bring any items to the school reception.

Thank you in advance for your support.

Yours sincerely

Mr Ahmed Abdullah Muhtadi
Mr Yusef Azad
Ms Humayra Anjum
Ms Tamanna Begum
Ms Augusta Spanyol-Woods

Mr John Nemeno
Ms Cassie Truong
Ms Juliann Gaskin
