

## An amazing week at Mulberry Academy Shoreditch!

### Maths Conference

Thanks to Ms Flood and Mr Webb for delivering the Securing a Grade 9 Maths Conference to Year 11 on Friday afternoon and on Saturday morning.

### House Staff Football Match

We finished the week last week with a wonderful atmosphere - in fact the best I have ever known on a Friday evening! Staff played a charity football match against each other with students supporting and cheering on and selling sweets and cakes to the audience. It really was a lovely evening.

### Winter Fair

Well done to Ms Taylor, Heads of House and students for a wonderful Winter Fair. There were so many stalls and goodies and games and everyone had a really fun time. The most important part of the evening was the fact that all profits went to our Charities and the thought behind the whole event was to give and to help.

### General Election

On Wednesday the school held its own democratic event conducting a school election in readiness for the real National General Election so that students felt part of the vote and had a voice to be heard. We used the outcome, as a straw poll for the real thing.

**Thank you, Mrs Holden – Executive Principal**

## Sixth Form

### External Sixth Form Interviews

On Monday evening the Sixth Form held interviews for external applicants who attend local schools. It was a great opportunity for us to celebrate all the exciting opportunities at the Sixth Form. Many students were interviewed and we really look forward to our students joining us in September. It's such a privilege to have the opportunity to work with new students in the Sixth Form. Our current Year 12 students have made such an impact since September and in particular in the House Group System. We are equally happy to be running our afternoon tea for students in Year 11 who have applied for the Sixth Form and congratulating them on their interview offer. The session allowed us to give them some tips for their interviews on Tuesday 21<sup>st</sup> January 2020. With over 80 students invited to the afternoon tea, Year 11 students are urged to get applications in quickly before places go.

### Exciting Destination News

At the Sixth Form we are proud of our student destinations so you can imagine the excitement to find out that Aysha Sarah in Year 13 has been offered an interview at Oxford University - Wadham College and Zaynab Shah Year 13 has been offered an interview at Oxford University - Lincoln College. We couldn't be more proud of our students who have already passed the competitive entrance examination for this final stage. Offers are coming in thick and fast at the moment with Ashphia Rahman being offered a contextual offer of BBC to study Medicine at Bristol and Asha-Ayan Mohamed a conditional offer at Liverpool University to study International Relations. Well done to all our students who have completed their UCAS applications and good luck for those still completing.

**Ms Wallace – Head of Sixth Form**

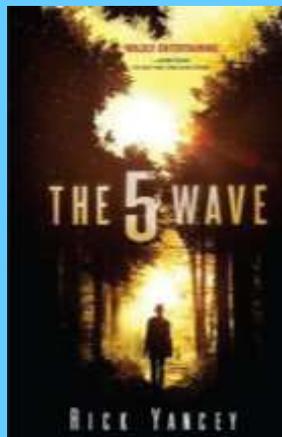

## Attendance Figures

2<sup>nd</sup> December – 6<sup>th</sup> December 2019

Tutor Group	Attendance Percentage

## Book Review

The Fifth Wave by Rick Yancey

Based on a dystopian era that portrays an evasion from the above. The character Cassie strives to save humanity as she is the last of the human race.

I chose this book because of my curiosity with dystopian literature that depict the human condition whilst each and every character reveal their true inner characteristics by betraying each other.

The book reveals the anonymity between races as they fight for survival which portrays the current affairs that are happening in the world we live in. I believe this book should only be read if you are able to grasp the inner aspects of societies down falls.
