

News this week from the Executive Principal

Whole School Trip Day

On Wednesday, years 7 - 10 went out on a fun trip for the day! Year 7's went to museums, Year 8 and 9 went to the cinema and bowling and Year 10 went to Thorpe Park! Everyone had a lovely time and enjoyed being outside in the sunshine. Thank you to Ms Miller for organising everything!

Year 11 return for fun!

It was great to see year 11 back in school on Tuesday for t shirt signing and pizza and to see staff - really enjoying not having exams anymore!!

Primary schools and STEM

It's been great to have Lawdale, William Davis and Christchurch Year 5 pupils in school this week doing great and fun things in science. Well done to Ms Scott for leading on this!

Next week is going to be very hot! Please make sure your child has a water bottle that they can refill at one of our water stations.

Thank you,
Mrs Ruth Holden,
Executive Principal

Sixth Form Update

Another busy period in the Sixth Form this week with lots going on all week long. Year 12 English Literature students headed over to beautiful Hampstead Heath on Wednesday with Ms Higgins to visit the house of the poet John Keats, who they have just started studying. Students toured the house and had a workshop on one of the poems.

This week we have made massive progress with our UCAS university applications, when on Wednesday students spent the day working on their personal statements from home,

and on Thursday where students worked on their applications at school, along with some additional sessions with BROOK.

Finally, this week we have had a number of external Year 11 students who joined us for lunch on Wednesday to find out more about our sixth form and the incredible subjects that we offer here. Thank you to all the students who acted as our subject ambassadors, and did an amazing job at showing off all the things our sixth form has to offer!

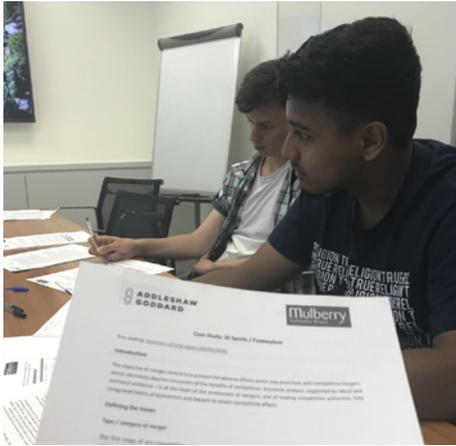

JustGiving™

The last year has been extremely difficult for our students. As we come out of lockdown and our school begins to return to normal, there is an urgent need to give all our students the opportunity, not just to return to the classroom, but to have fun, to experience a trip somewhere, to feel the freedom of the seaside or a camping trip and to enrich their lives and undo the mental and emotional damage that lockdown will have caused. If you feel passionate about helping us to do this for our young people aged 11-18 - please donate to our JustGiving page - no matter how little or how much - you will make a difference to children's lives and we will acknowledge this. Please visit:

Economics workshop

On Thursday some of our year 12 economists visited international law firm Addleshaw Goddard to take part in a workshop and seminar on competition law. In the morning, students worked with lawyers and economists to conduct their investigations into the feasibility and impact of takeovers and mergers in UK markets. It was an incredible opportunity to bring to life many aspects of the A level curriculum and to see the real world application of economic theory. Year 12s grappled with well known case studies, such as the JD Sports takeover of Footasylum, to ascertain if the CMA (UK competition regulator) had made the right call in blocking the takeover. After lunch (which by the way was in house NANDOS!!!) we got to shadow the corporate law team as they took part in a meeting with a leading economics consultancy feeding back on their review of past CMA outcomes. A great day for both academic learning and work experience!

Wednesday Trip day

On Wednesday Year groups were out of school on a range of trips from Thorpe Park to Greenwich Maritime Museum. They had a fantastic time, some travelling on the Thames Clipper and visiting iconic landmarks. Here are some photos from the day.

DEBATE CLUB

Join the debate EVERY MONDAY 3.30-4.30pm IN ROOM 404 Open to Years 7-10

How to join: please see Ms Tarannum in the English office for a consent form

Table Tennis is on...

	Monday	Tuesday	Wednesday	Thursday	Friday
Breakfast Club 7.00am-8.30am		Girls		Boys	Mixed
Lunch 1.00pm-1.40pm	Girls	Boys	Boys	Girls	
After School 3.30pm-5.00pm	Boys		Girls		

Get a letter from Coach Simon (PE department) if you want to join

Year 12 Berlin Trip

Last week, Ms Wills, Ms Milton and Mr Calderon took a group of Year 12 students to the lively capital city of Germany. They visited museums and did lots of sightseeing, learning the history of the Berlin Wall and visiting the Watch Tower and other iconic landmarks. They had a fantastic time and got to spend time immersed in the culture, history, food and even bowling in Berlin.

Insights in Art and Design

Insights is the UAL outreach programme that offers young people access to their colleges for creative activities and pre-university advice.

A Level Art students Sonia and Suhel spent last week on the Insights course.

Suhel Hoque

Insights at Central St Martins was an enjoyable experience. I did architecture and product design for a week and had to design and make food stalls from allocated food which mine happened to be Pani Puri, I first made a paper prototype and when I went onto to make the main cardboard structure I developed my idea to make it inflatable so its portable and efficient aswell, I enjoyed the week and learnt many great skills and talked to many experienced people in the field about architecture work and how UAL is and how it works which was all very helpful for the future.

Drop down day

Yesterday the whole school had a drop down day where they did a range of learning workshops and activities from dental health and first aid to designing and making rockets.

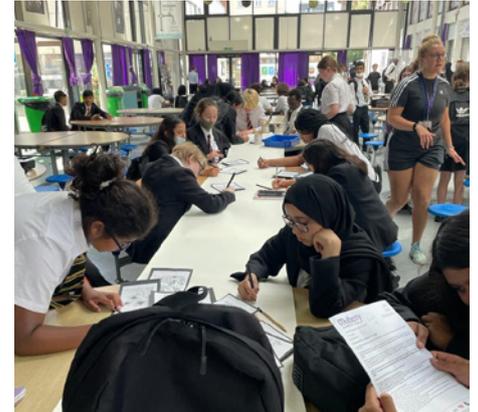

Sonia Mehregan

I chose the Animation and Game Arts insights program at London College of Communication and had an amazing time working there. To sum up what we did, we were given a brief of designing a character and to draw them doing a type of exercise in a loop. After drawing some body types and experimenting, I decided to draw a pear/human hybrid hanging/doing pull ups on a tree. It had to be relatively simple due to the lack of time but we progressed quite quickly and had a lot of fun working on it and being able to see how other artists worked, overall it was a really good experience and definitely inspired me to go into this field.

Art Week Activities

This week was Art week with a daily programme of creative activities including a treasure hunt, the Annual Art Exhibition, drawing activities, weaving and chalk drawing and on Friday there was a workshop with the A Team (Brady Arts Centre).

SPANISH DANCE

It was lovely to see students enjoying the Spanish and Latin American Dance workshop, organised by the languages department today. There were some impressive dancers and they had a great time learning new moves!

On Thursday 7th July our GCSE and ALevel Drama students went to see the magical musical Wicked.
