

# Going Places...

## Sixth Form Destinations 2025

“ I am extremely grateful for the opportunity that Mulberry have provided me and for all the teachers who believed in me. I get to go to a Russell Group University and study the degree of my dreams!”

**Yasmin Choudhury**  
Mulberry School for Girls

“ I am deeply grateful to the Mulberry Schools Trust as without the support systems, the impeccable teaching at my Sixth Form and the opportunities in the wider Trust – I would not have believed in myself nor would I have been propelled forward to achieve my dreams.”

**Habiba Miah**  
Mulberry Academy Shoreditch

“ My time at Sixth Form has been shaped by inspiring teachers, supportive friends and unforgettable opportunities through STEM. I leave grateful for the lessons, bonds and memories that made this experience meaningful – proving it could not have been the same anywhere else.”

**Muhammad Tahsin**  
Mulberry Stepney Green

“ I feel ecstatic, and more hopeful about my future than I ever expected to! Studying English Literature at UCL has been my goal for the last two years, so to see it coming to fruition is extremely rewarding, especially with the time and effort I've invested into my dreams.”

**Tahsin Rahman**  
Mulberry School for Girls

“ I am really happy with my results and grateful to all of my teachers for the support and effort they put into helping me achieve them.”

**Aliya Choudhury**  
Mulberry Academy Shoreditch

“ I have had such a wonderful time at Mulberry UTC and I couldn't be happier with my grades and future destination.”

**Sahra Nahwish**  
Mulberry UTC

# A message from the CEO

It is my pleasure to welcome you to the 2025 edition of Going Places, our annual celebration of student destinations across the Mulberry Schools Trust. This publication showcases the remarkable achievements of our young people and reflects their ambition, resilience and determination to succeed.

This year's cohort of Year 13 students has once again excelled. They have secured places at top universities across the UK, including Oxford, Imperial and UCL, as well as specialist institutions in the arts, sciences and engineering. We are also especially proud that, for the first time in the Trust's history, one of our students will be studying at Harvard University in the USA. Others are beginning prestigious apprenticeships with global companies, gaining opportunities to combine study with professional training. Some have entered employment in sectors where their talents, skills and commitment will make an immediate difference. Every destination tells a story of hard work, courage and aspiration, and we are proud of them all.

Alongside strong academic and technical results, what stands out is the breadth of choice our students are pursuing – from law, medicine and economics to digital media, engineering and the creative arts. This diversity speaks to the richness of their interests and the strength of the education they have received.

Our young people are leaving us not only with excellent qualifications, but with the confidence, character and wider experiences that will enable them to thrive. They have benefited from outstanding teaching, inspirational enrichment programmes, industry partnerships and the support of staff who are deeply committed to their success.

I would like to take this opportunity to thank our colleagues across the Trust for their tireless dedication. Their expertise, encouragement and care ensure that our students are well prepared for the challenges and opportunities that lie ahead.

To the class of 2025, my heartfelt congratulations. You have achieved so much and shown what is possible with ambition and perseverance. I look forward to seeing how you shape the future with your creativity, leadership and determination.

I hope this edition of Going Places gives you a real sense of the pride we feel in our students' journeys. May these pages inspire you with the optimism, energy and hope that define this exceptional group of young people.

**Dr Vanessa Ogden CBE**

CEO

Mulberry Schools Trust

Rich and diverse, caring and ambitious – at Mulberry Academy Shoreditch Sixth Form, our aim is to ensure every student leaves with an outstanding profile of qualifications and experiences that enable success in life. Guided by *The MAS Way* – Ambition, Community and Inclusion – our Sixth Form is a place to learn, explore, develop, thrive, and be happy and enriched.

We provide a wide-ranging curriculum that challenges and inspires ambition, supported by enrichment and high-quality classroom practice. All Year 13 students are offered a mentor and continuous coaching, reflecting our ethos of community and inclusion. Academic tutors, Oxbridge coaches, trips, rewards and access to the Mulberry STEM Academy in partnership with Mercedes-Benz Grand Prix all help students reach the best destinations.

Our MAS6 Diploma ensures students succeed academically while also building life skills, preparing them for today's global marketplace. Careers talks cover fields from medicine to data analysis, encouraging students to aspire ambitiously and think broadly about their futures.

On Wednesday afternoons, enrichment brings the community together through activities such as London foodies, culture club, martial arts, climbing, yoga and escape rooms. Students are encouraged to give back through volunteering, local charities and fundraising. Partnerships with organisations such as NCS, Model United Nations, Into University, KPMG, Deutsche Bank and the City of London Sheriffs' Challenge open doors to unique opportunities.

At Mulberry Academy Shoreditch Sixth Form, The MAS Way shapes everything we do, helping every student grow into confident, capable and compassionate young people, ready to thrive in the world.

## Habiba Miah • University College London • History and Politics • A\* A A

“ I am deeply grateful to the Mulberry Schools Trust as without the support systems, the impeccable teaching at my Sixth Form and the opportunities in the wider Trust – I would not have believed in myself nor would I have been propelled forward to achieve my dreams.”

## John Nemenko • Durham University • Politics • A\* A B

“ During my time in Sixth Form, I feel like consistency has been my greatest success. This is based on turning up to every lesson, writing at least a few notes, and trying to remain engaged. Thanks to these tactics, I am going to Durham to study Politics.”

## Aliya Choudhury • A A A

“ I am really happy with my results and grateful to all of my teachers for the support and effort they put into helping me achieve them.”

Mulberry School for Girls Sixth Form is a centre of academic excellence and outstanding teaching and learning for young women. Our students are trailblazers – challenged to think beyond their subjects and to embrace their individual roles and responsibilities as global citizens. We are in the heart of London's East End where there is an extraordinary history of female activism; Mulberry students stand on the shoulders of these women, forging a future with the highest aspirations. Trailblazers are leaders. They are innovative, passionate about their interests, and determined to be the first!

Every student is given high quality and tailored academic and pastoral support as well as a huge variety of extra-curricular opportunities that puts them in the strongest possible position to move onto the next stage of their life journey – be that at university, on an apprenticeship programme or in employment.

We have prominent links with the very best universities, including Harvard, Oxbridge, and our tailored support programmes include academic mentors, lectures, admissions tutor visits, parent information sessions, personal statement writing advice from Oxbridge graduates and interview preparation.

All students have access to our elite and prestigious enrichment offer that includes Model United Nations, international trips, university outreach schemes, access to the Mulberry STEM Academy in partnership with Mercedes-Benz Grand Prix Ltd, Gresham College lecture series, the WOW London Festival and a host of opportunities to attend a variety of bespoke leadership conferences. Our young women are innovators, changemakers and trailblazers and they leave us excited, inspired and ready to take up their place as pioneers in the world, with voices heard, ideas stimulated and passions ignited.

#### Tahsin Rahman • University College London • English Literature • A\* A B

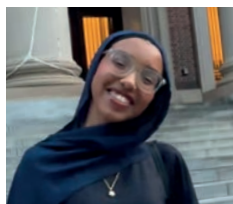

“ I feel ecstatic, and more hopeful about my future than I ever expected to! Studying English Literature at UCL has been my goal for the last two years, so to see it coming to fruition is extremely rewarding, especially with the time and effort I've invested into my dreams.”

Mulberry Stepney Green (MSG) is a high-achieving Sixth Form dedicated to fostering strong partnerships with students, helping them excel and achieve their full potential. Students quickly align with our core values: *Believe, Belong and Become*.

We offer a wide range of courses, including A Levels, BTEC Level 3 and Level 2 qualifications, all taught by highly qualified subject specialists. Our focus extends beyond academic success, encouraging the development of transferable skills through extracurricular and super-curricular activities. This holistic approach prepares students for life beyond Sixth Form, whether their next step is university, apprenticeships or employment.

Our established UCAS, early application and Oxbridge programmes are designed to meet each student's unique needs. For those pursuing competitive courses such as medicine, engineering or computer science, we offer additional tutoring and tailored guidance. Many of our students go on to study at prestigious universities, equipped with the confidence and resilience needed to thrive.

Inclusivity is at the heart of MSG, welcoming students from diverse backgrounds. Our exceptional pastoral support system ensures students feel supported throughout their time with us. Additionally, our active alumni network maintains strong connections with former students, who continue to contribute to the life of the school.

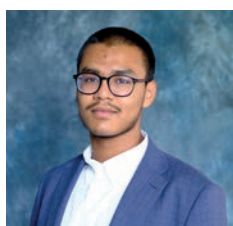

We look forward to welcoming you to the Mulberry Stepney Green community.

**Muhammad Tahsin • City University (City St George's) • Accounting and Finance • A\* A\* A**

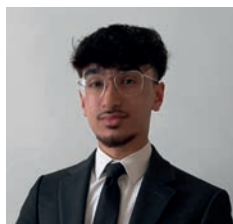

“ My time at Sixth Form has been shaped by inspiring teachers, supportive friends and unforgettable opportunities through STEM. I leave grateful for the lessons, bonds and memories that made this experience meaningful – proving it could not have been the same anywhere else.”

**Muhammad Yaseen Zoarder • Imperial College London • Electronic and Electrical Engineering • A\* A A**

“ My seven years at Mulberry Stepney Green have been deeply rewarding, with growth, learning and unforgettable experiences. The teachers' support and opportunities like the Mulberry STEM Academy fuelled my passion for engineering, shaping my perseverance and preparing me to pursue Electrical Engineering with confidence.”

**Mohammed Yasir • Kings College London • Computer Science • A A A**

“ Studying at Mulberry Stepney Green was an incredible experience. The support, mentorship and programmes like Early Entry and the Mulberry STEM Academy prepared me well, boosting my confidence and passion for STEM. I feel ready and excited to take on the next chapter at university.”

At Mulberry UTC we have two industry specialisms guiding our curriculum: the health sector and the creative industries. Within these, students study technical qualifications in Applied Science, Business and Marketing, Theatre and Digital Media, as well as the T Level in Health. These are complemented by A Levels in Science, Social Science, English, Film Studies, Maths and Drama. We prepare Sixth Form students to be outstanding young professionals fully ready to succeed in their future careers. With a blend of academic and technical qualifications, outstanding classroom teaching and on-the-job learning, students leave us exceptionally well prepared for a successful future. We provide a professional, adult learning environment where study takes place alongside industry partners.

We are passionate about ensuring every student can access high quality opportunities, whether following an academic, vocational or technical pathway. Our flexible and personalised curriculum enables excellent outcomes, strengthened by partnerships with world-leading universities and companies. Students gain valuable work experience with the NHS, Bank of America, the National Theatre and the Creative Media Skills Institute based at Pinewood Studios.

Our outstanding personal and spiritual development curriculum gives students the opportunity to discuss topics such as equality, tolerance, diversity and spirituality. Our project-based curriculum builds confidence and communication skills essential for the modern workplace. In line with the MUTC Charter, our extra-curricular offer includes the Mulberry STEM Academy in partnership with Mercedes-Benz Grand Prix Ltd, a bespoke speaker programme led by wide variety of industry professionals, Model United Nations, debating, art, film and visits to museums, galleries and leading business institutions. We offer a rounded education that makes the most of every young person's talents, skills and abilities, ensuring they are ready to succeed as they enter university or the world of work.
